

Eclipse 2024

Teacher Workshop

January 13, 2024, 9 am – 5pm

Baylor Research and Innovation Collaborative (BRIC)

100 Research Parkway, Waco, TX 76704

Calling all teachers grades K-12!

Have you ever wondered what is a total solar eclipse like? Is it truly dangerous to look at the eclipsed sun? Come to our workshop to learn everything about solar eclipse and how to *view it safely with your class* while earning professional development credits!

Selected topics (Background and hands on activities):

Solar system and scales

Earth and Moon system

Lunar phases – What is an eclipse?

Electromagnetic spectrum

Eclipse viewing safety

Activities booklet, supplies and food will be provided to attendees

Register at <https://txr12.escworks.net/> Session #346932

by 01/05/2024

Registration fee: \$25

This workshop is sponsored by Baylor University, Department of Physics; and Region 12 ESC
